Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ As part of the organizational action, Clearway Energy, Inc. ("CWEN") made cash distributions to its Class A and Class C common stockholders as of December 31, 2021.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ Dividends paid in excess of current and accumulated earnings and profits ("E&P") of a corporation reduce the basis of the shares of the corporation pursuant to Internal Revenue Code ("IRC") Sections 301(c)(2) and 316(a).

CWEN made cash distributions as of December 31, 2021 for holders of each share of Class A and Class C common stock. At this time, and based upon reasonable assumptions by CWEN, the distributions are expected to be non-taxable return of capital thereby reducing each shareholder's basis by the amount of the distribution.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ At this time, and based upon reasonable assumptions by CWEN, the full amount of distributions paid per Class A and Class C common stock should reduce the basis of each share of Class A and Class C common stock held by each shareholder on the date of payment as CWEN is not expected to have any E&P(current or accumulated) as of December 31, 2021. Pursuant to the applicable Treasury Regulations under IRC Section 6045B. If these assumptions turn out to be incorrect, CWEN will file a corrected Form 8937 within 45 days of such determination.

Part II Organizational Action *(continued)*

17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ▶ _____

IRC 316

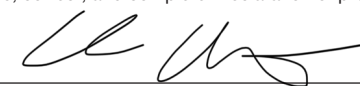

IRC 301(c)

18 Can any resulting loss be recognized? ▶ The organizational action does not result in recognition of loss for U.S. federal income tax purposes.

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ▶ The reportable year is 2021. Class A and Class C common stock shareholders, as of December 31, 2021 should reduce the basis of their Class A and Class C common stock held on that date by their pro rata share of the amount of the distribution.
